COL. CLARENCE OUSLEY TO ADDRESS FARMERS

JEFFERSON M. WHITE, PIONEER AND SOLDIER IS DEAD AT 88 YEARS

Jefferson Milam White, native of Missouri, Confederate soldier and for more than a half century a resident of Texas died at his home in Pleasanton, Atascosa county, early this week at the age of 88 years.

News of the death of this pioneer was received in Cameron Tuesday by Jefferson B. White, grandson of the aged pioneer.

Jefferson Milam White was born in Missouri in 1833, coming to Texas after the civil war. When but a lad of 17 years he left his old home in Missouri and went with a band of pioneers in 1850 to the gold fields of California where he lived until the outbreak of the war between the North and the South when he returned to his Missouri home for the defense of the Southland as a Confederate soldier.

He enlisted under General Joe Shelby and served the four years of the war under that gallant cavalry leader, participating in many of the hard fought battles of the Lost Cause. He was a staunch Confederate, one of the now famous band of men whose loyalty to the Southland persisted to the end, and who like all of his comrades fearing death not half so much as surrender, went with his famous fighting unit to Mexico when Lee yielded to Grant at Appomattox.

Returning after a brief period in Mexico he went to his old home in Missouri and there married. Some years later the family moved to Texas and settled near Goliad where they resided for many years, later moving to Pleasanton in Atascosa county where the pioneer died on last Monday.

He was a product of the old school of Southern men and never gave up the ways of the pioneer, holding fast to the creeds now revered as the best loved traditions of the South. He was a man of generous impulses and into his citizenship representing a long period in the history of Texas carried all the nobility of his nature, courageous, upright, respected and loved.

He reared a large family all of whom now survive him with the exception of a son, Robert M. White, late county and district clerk of Atascosa county. He was a first cousin to Ben Milam, famous hero of the struggle for Texas independence and was named for the great soldier. His oldest child, a son, William A. White of Nixon, Texas, is the father of J. B. White of Cameron.

In 1915 he presented to J. B. White of Cameron a Mad Stone, famous relic of the White family for 115 years. This stone, originally very large, was cut and divided equally between Jefferson Milam White and his only brother when the latter left for California in 1850. The brother was never seen again after the outbreak of the war. The stone with a small com-

METHODISTS HERE START EDUCATION CAMPAIGN SUNDAY

APPEAL IS MADE BY REV. IRA F. KEY FOR SUPPORT OF MOVEMENT

The Methodists of the South are engaged during the month of May in the greatest movement the Church has ever had a part in. It is the Christian Education Movement which will be consummated between the dates of May 29 and June 5 by the whole church of more than two millions of people being called upon to subscribe to a fund of \$33,000,000 for the purpose of properly equipping our Educational Institutions. Attention here is called to several things:

1. In the Cameron church the campaign will begin next Sunday afternoon at 1 p. m. This is one week earlier than the general campaign and is done in order to get out of the way of the Commencement Sermon and the Chautauqua which come the week of the drive. Be ready for the committees which will be around to see you Sunday afternoon.

2. The effort will be made to get every member of the church to make subscription to Christian Education. I hope that there will be complete cooperation in this matter even though the amount subscribed may be small. With everyone cooperating the quota for this church can be handled easily and the entire amount will be less than the same number of people spend during one year for the simpler luxuries, while the Educational subscription may be distributed over five years.

3. Many of the colleges will close their doors next fall if the church does not give them financial support. The president of one of our leading colleges states publicly that his institution will not be able to open without this relief. This college in its history has produced 900 Methodist preachers. Some Cameron people might be chagrined and sorry to see this institution close its doors. Will Cameron Methodists help to close it by refusing to carry its small part of this load?

4. Other denominations are providing for their colleges. The Southern Presbyterians are raising \$11,000,000. On a per capita basis we would be raising \$69,000,000. The Northern Methodists have recently raised \$35,000,000 and are now campaigning for \$138,000,000 more. The Northern Baptists have raised \$33,000,000. The Southern Baptists have raised \$28,000,000. And say, the Presbyterians of Cameron, Texas have

plete Bible was carried by the pioneer in a small sack tied about his neck to California and throughout the war. The sack is still in use as a container for the stone.

Besides the family and scores of relatives this great pioneer will be mourned by thousands over the state.

The Trip to the State Firemen's Convention At Weatherford in Detail; 13 Was Lucky Number

(BY CAPT. JOE B. LINDSEY.)

The Cameron Racing Team left Cameron Tuesday morning, May 10, at 1:55 full of life and a more determined bunch never left Cameron, feeling that they had the support of the best town in the state because of the fact that their purses were bulging with the long-green sufficient to defray all expenses that could possibly occur, and to guarantee them a good time in every respect, and knowing it was given them by the most loyal biggest hearted and most unselfish citizens in the biggest little town in the whole United States.

We arrived in Fort Worth at 8:30 a. m., just had time to make connections with the Texas Pacific for Weatherford. All still feeling good and rearing to go. Reached Weatherford about 10:30. Were met at the train by the fire boys and the Ladies Auxiliary. Each of us received a beautiful red poppy which was pinned on us by a beautiful West Texas young lady. This made the boys feel perfectly at home and started the real pleasure of the occasion.

We were carried by the fire trucks to the Central Station where each of us was given a badge which entitled us to all the courtesies and hospitalities that could have been given by any town except our incomparable Cameron.

We were then escorted to our rooms by our faithful delegate, Mr. Wilma Caldwell who had gone on the day before and made arrangements for nice comfortable rooms to accommodate the entire delegation. After we had combed our hair and powdered our noses, we went back to the Central Station where a big parade was staged, consisting of all Weatherford's fire equipment from the old style hose cart to the steam pumper, then to the most modern equipment. After parading the main streets of the town, we were led to the Convention Hall which was the magnificent Methodist Church gorgeously decorated for the occasion.

Here the opening program was rendered:

Prayer by Father Heckman, Chaplain of Texas Fire Association.

Address of welcome by Mayor Queen who turned the city over to the fire boys for three days, delivering us the Keys to the City and reserving nothing, not even his private still, telling us that should any officer interfere with us to tell him as President Fritz did the goat when he baptized it, "to go to hell."

The next on program was welcome address to Parker County by County Judge Charlie Sullivan, who informed us that every home in Parker County was open to us, and every man and woman was a single man and woman during these three days and that all speed cops had been pulled off and the speed limit was whatever your car could make.

We adjourned until 1:30 when the convention convened for all delegates and chiefs and the regular form was pursued.

We were furnished cars at 4 p. m. to go to the ball game or any other place we care to go, most of us went to the game and enjoyed a hot game between Weatherford and Mineral Wells, Weatherford showing the best form.

We were ready for practice at 6 p. m. and all in good form. Picked out a plug on the Court House Square and

just raised and paid in one and one-half years \$5,500 for education which is more than one-half as much as twice as many Methodists of Cameron are asked to raise in five years.

What are we going to do about it? Justice to the highest interest before us demands that we shall do it. I have an abiding faith in the people when the facts are known and I do not believe that they will fail in this crisis. Let us all do our part and see that this important interest is cared for at this time.

made a run; missed connection at plug, rolled up our hose and made another; missed connection at nozzle; feeling a little blue, but not discouraged in the least as we had to deal with different kinds of plugs and different kind of ground.

After supper we attended a ball given in our honor. Some of our boys participated, but we married ones were afraid; we would tell on each other. Went to bed early. Got up at 5 a. m. and made two practice runs and were successful. Went riding in the morning and to the ball game in the evening. Free service cars at our demand at all times. Our Captain, J. B. Lindsey attended the Captains' Convention at 1:30 p. m. which lasted about four hours. All rules and regulations pertaining to the races were discussed and settled by vote, which caused much heated discussion, but Mr. Walker, manager of the races being a firm believer in the rule book, soon settled each discussion referring to same.

Then came the drawing for places in the races. There were thirteen teams entered the races. The numbers were placed in a hat and held above the heads of the Captains so that no man could see what he was drawing. Our Captain being first, drew No. 13. Then we drew for places in the Cup Race. Our Captain again drew No. 13.

When we left Cameron, we bought thirteen tickets; our baggage check fir our cart was No. 1300. Our Captain's room was No. 13, and he drew No. 13 in both races. Thirteen being our lucky number, we had large 13s printed on canvas and pinned them on our backs, wearing them throughout the races.

There was a big banquet given us that night, followed by a "free for all" dance in the street, which was heartily enjoyed by all, especially our Mascot, who later in the dance found he was dancing with a young married lady, and her husband was looking for her. (Mascot went to room and went to bed.)

Next morning day of races. All the boys' temperature was normal, except Joe Richter's rise in pulse caused by excessive drinking of red soda water the night before.

Made two practice runs at 5:00 a. m. Good runs and pulse still normal. Will Crain somewhat excited because a lady took him driving.

12:00 and all getting ready for races. Some talk heard in different rooms while preparing for race. Heard Henderson Thompson talking to the Lord, "Now Lord, I never did ask you for much, but I just want to ask you to please be with us in this run, and I will return the favor sometime."

Roy Weems gets out in yard fixing to go to the track and Round Crawford reminds him that he forgot to put on his pants.

All teams on the track at 1:30. Hillsboro on the starting line, gun fires, they're off, made good connection, time 29 1-5 seconds.

Our boys' fever rose to 110, but cooled off when they heard the time.

Itasca No. 2 are gone running like rabbits, make slow connection at plug, time 31 seconds.

Our boys' fever cools down to 105. Cuero No. 3 has a time getting started has to splice flap, they are gone, running 12 men, making good time, slow at plug, time 33 seconds.

Our boys' fever normal. San Marcos No. 4 ready to go, fine looking team, running like a Cadillac, good connection at plug and nozzle, time 27 3-4 seconds.

Strawn No. 4 ready. Are off, slow run, good connection. Time 29 1-4 seconds.

Our boys' fever went back to 102 1-2. Thurber No. 6 off and running faster than any before, making things look scary for all but just as we all thought they had a good chance for the money, off came the hose from the plug. Time bust.

Our boys' fever went back to normal.

GRAND JURY AFTER A 11 DAY SESSION RETURNS 52 BILLS

35 ARE OF THE GRADE OF FELONY — BOOTLEGGERS HIT HARD IN FINDINGS OF JURY

Fifty-two true bills of indictment have been returned by the Milam County grand jury ending a eleven day session Wednesday.

Of the 52 bills returned 35 are of the grade of felony and 17 are misdemeanors. Bootleggers predominate among the offenders with murder cases and burglary next in order.

The jury during the 11 day session examined 310 witnesses completing its work Wednesday morning. The grand jury has adjourned.

Following is the report filed with the district clerk, Penn Wolf at noon by C. Saller, foreman of the jury: The State of Texas, County of Milam.

In the District Court of Milam, County, Texas, May Term, 1921.

To the Honorable Judge of the Court:

The Grand Jury, duly empaneled, sworn and charged at the May Term A. D. 1921, of the District Court of said County and State to inquire into and true presentment make of all offenses against the penal laws of said state, committed within the body of the County aforesaid, beg to report that we have been in session eleven days, have examined 310 witnesses, and have returned into said court 52 true bills of indictment, 35 of which are of the grade of felony and 17 misdemeanors.

We have inspected the county jail and find same in good, sanitary condition, and the prisoners therein state they are well treated.

We find from reports of our county auditor, Giles L. Avriett, that the financial condition of the county is in much better shape than has existed in the past, and believe that the present condition is due to the system now in vogue, and we recommend the continuance of said system.

We note with approval the renovating and furnishing of the Grand Jury quarters and desire to commend and thank the Commissioners' Court for the same.

We desire to thank our county attorney and other officers for their efforts and assistance rendered us in our deliberations.

And now having completed our labors, we ask that we be finally discharged.

Respectfully,
C. SALLER, Foreman.
Attest: B. P. Atkinson, Secretary.

Marketing Plans Farm Bureau to be Urged in Speech Saturday

Col. Clarence Ousley, former assistant Secretary of Agriculture of the United States, famous Texan and marketing expert will speak in Cameron at 2:45 o'clock Saturday afternoon May 21 at the Court House. Mr. Ousley will discuss the Texas Farm Bureau Co-Operative Marketing Association.

A meeting of the Milam County Farm Bureau has been called for 2:45 p. m. Saturday, May 21, by W. W. Kyle, President, assisted by George Banzhaf, county agent. This meeting has been called for the purpose of organizing a farm bureau in this county. A temporary organization was perfected several weeks ago in Cameron.

After the organization the farmers will hear Colonel Ousley discuss the marketing bureau.

The Commercial Club has arranged a program of Co-Operation with the farmers and will give a reception to Colonel Ousley. Hon. T. S. Henderson, Sr., will introduce the speaker.

Secretary W. B. Skelton has been active in distributing advertising matter for the meeting and arranging the details of the reception to the distinguished agriculturist who will address the farmers and business men.

NOTICE EX-STUDENTS A. & M. COLLEGE

The Alumni Association of A. & M. College of Texas is to be merged into an Ex-Students Association. All ex-students of the above institution living in Milam County are requested to attend a meeting to be held in the county court room in Cameron on Saturday, May 21st at 11 a. m. for the purpose of organizing a Milam County Club of the Ex-Students Association.

FAMOUS ARTISTS COMING MAY 24

EDISON TONE TEST BILL BEST IN RECENT YEARS SAYS DEALER

Miss Helen Davis the celebrated Mezzo-Soprano, and Sibyl Sanderson Fagan, a whistler, without a peer, assisted by Mr. Willard Osborne, violinist, will be heard in an unique recital at the Yoe High School Auditorium on the evening of May 24th, 1921.

Miss Davis is one of the most promising young singers now on the concert stage. She is the possessor of a brilliant voice of glorious quality and an ability to interpret the songs that America loves. She was born in America and has accomplished all her vocal and artistic training entirely here, of which fact she is proud.

When Sibyl Sanderson Fagan was a tiny girl, she was given to make everybody in the family miserable by whistling loudly and eternally. One day, along came a professional whistler to visit the Fagan home in Springfield, Ohio, and Miss Fagan suddenly discovered that she really could whistle "a little better" and she modestly expressed it, than most people. She determined to make a real artistic profession for herself by means of her unusual gift. She studied breathing exercises, which are quite as important in whistling as in singing.

Also, she studied the piano until her artistic ideals were developed. It didn't take her long, after beginning piano lessons, to see her whistling could be made real art and not an entertaining novelty. Miss Fagan whistles by means of her two fingers. She says she wouldn't even try it any other way, for she can whistle longer and get less tired and avoid blistered lips by using her fingers.

The concert on May 24th promises to be a most unusual treat for the music lovers of Cameron.

Cards of admittance may be secured from New Cameron Drug Company so long as accommodations remain.

Farming, Bed Rock of Business Must Be Sustained; Hear Ousley Speak Says T. S. Henderson, Sr.

Hon. Clarence Ousley, late assistant Secretary of Agriculture and at present Superintendent of U. S. Department of Agriculture for Texas will address the farmers and business men of Milam county at the Court House in Cameron at 2 o'clock p. m. Saturday, May 21.

Mr. Ousley is perhaps the best posted man in Texas on farm and market conditions, having made a special study of them during the past ten years. He has a message for our people which they must not fail to hear. The business of farming has been deflated until the breath of life has almost left it. And those engaged in other pursuits now realize that farming is the bedrock of all business and when it goes down everything goes down with it.

Ploughmen has fought a good fight, but his commissary is about empty and his strength is almost gone. He needs help. He must have a better market. For the first time in history big business, little business and all business have waked up and are ready to help him get a square deal. The farmer does not ask special favors, he only asks justice.

Mr. Ousley's theme will be the reconstruction and regeneration of the cotton market.

Let us all take a half day off. Farmer, make it your business to man, aEiura came. Merchant, banker, businessman, make it your business to come. Let us sit down together and hear him, it may mean much for the common welfare.

NINE LIQUOR CASTS SET FOR
TRIAL—22 FELONIES AND 13
MISDEMEANORS REPORTED

The Grand Jury in session for the past three weeks has reported a large number of bills and had set twenty cases for the criminal docket up to Tuesday night. Nine of these cases are for liquor law violations.

The Thorndale burglary case in which Raymond Allison and Mike Nichols are involved has been set for May 31. The Thorndale Mercantile Company was burglarized last fall and goods to the amount of \$1500 stolen and buried a few miles from Cameron. Later the stolen goods were unearthed. Frances Howe, woman, involved in the case, was arrested in San Marcos by Sheriff Blaylock and returned to Cameron and is charged with receiving stolen property.

Ed Gill, negro, and wife, Minnie Gill, charged with murder in connection with the killing of Walter Stoenber, young white farmer near Burlington in February, are booked for trial June 20.

All cases will be tried before District Judge John Watson.

Following is the criminal docket for the May term as completed by the grand jury up to Tuesday night:

8095—John Hause—Assault to murder, July 7.

8100—J. D. Granger—Swindling, July 11.

8114—Earnest Henry—Possessing Liquor, June 24.

8115—Raymond Allison—Burglary Thursday, May 31.

8116—Mike Nichols—Burglary, Thursday, May 31.

HEALTH NOTES

BY DR. MANTON M. CARRICK
State Health Officer

Idleness profiteth man nothing; but industry wisely directed bringeth both health and happiness.

Every health officer knows that health is a purchasable commodity.

Rheumatism is caused by a germ frequently found in the tooth-socket or tonsil.

A well baby is a happy baby. A baby is never cross or fretful of its own choice.

Among the few things unforgivable is the unwillingness of a mother to nurse her child.

Keep your finger nails trimmed short with scissors or knife. Never bite them off. Keep them cleaned and keep your hands washed, especially at meal time.

There are two ways to stop headaches. One is to knock the individual senseless with a club, and the other is often like unto it—to take a headache powder.

Parents should see to it that when their baby is born it has nitrate of silver put into its eyes immediately to prevent blindness, and the next thing is to see to it that its birth is legally registered.

The season of the year for typhoid is soon to begin. Why not avoid this dreadful disease by cleaning up, including the flies by vaccination.

It will not be long before the fishing fever and the camping fever will get a strong hold on the people. It is a danger period; camps as a rule have no sanitation, so look out for typhoid fever, diarrhoea and dysentery. Where fishermen fish mosquitoes usually are plentiful and you may get malaria if an infected mosquito bites you.

If in doubt about any health condition call on the State Board of Health and find out. That is what it is for.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will catch the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

WHAT WOULD YOU THINK? If you, among the audience of a theatre, suddenly heard a shot, saw a man fall forward dead, and another, in a box, with a pistol in his hand, staring at him? Probably that the man in the box shot the other one. That's what the police thought when they charged Dr. Hugh Standing with the murder of Tubbs, the political boss. Eye-witness evidence was complete. Yet Dr. Standing denied any part in the killing. That is the beginning of one of Jack London's most astounding stories, "The Star Rover," which has been put into pictures, with a splendid cast including Courtenay Foote and Thelma Percy. See it Monday and Tuesday at the New Hefley Theater.

The state fire insurance commission has reduced the key rate at Rockdale from 54c to 52c. The maximum credit of 15 per cent has been granted the town of Livingston for good fire record during the past three years. The loss ratio was .042.

The week of June 27 to July 2 has been designated for the state rifle matches at Camp Mabry, according to announcement by Adjutant General Barton. The matches will follow immediately the close of the state national guard encampment.

A plan to co-operate fully with Port Arthur and Beaumont in the matter of securing thirty feet of water to the three ports within the Sabine district was adopted by the executive and advisory committee of the Chamber of Commerce at Orange this week.

At a meeting in Waco of the McLennan County Farm Association unanimous indorsement was given the plan of erecting a big cotton warehouse at Waco. It is intended to have the warehouse large enough to hold 20,000 bales, the building to be constructed in units of 1,000-bale capacity each.

About \$2,000,000 was spent for construction of dwellings in the 10 largest cities of Texas last month and the building program is everywhere keeping abreast of that of last year. Building permits of March, 1921, were higher than building permits of March, 1920, reports from the principal cities of Texas indicate. The construction of dwelling accounts for a much higher percentage of the permits this year than in 1920.

The commission provided for in the University of Texas land extension bill to buy the additional 135 acres of

land adjacent to the present campus, was named this week by the governor. The personnel of the commission follows: Will C. Hogg, Houston; J. C. Walton, Waco; J. H. W. Williams, Austin. This commission is to proceed immediately to purchase the land.

The Home for Dependent and Neglected Children, authorized by the 36th legislature, at Waco, will be completed within the next 20 days. The cost of the buildings will be about \$90,000 and the capacity of the institution is 60 children. An appropriation of \$200,000 has been made by the house. It will be equipped for immediate occupancy as soon as completed.

In a road bond election the Schulenburg precinct voted an overwhelming majority for the issuance of bonds to complete the seven miles of unfinished highway commencing from the western terminus of Colorado County through Schulenburg to the finished portion three miles west of Schulenburg.

Pupils of the city schools of Texas are not required by the general laws of Texas to submit against their will to a medical examination by the city health officer for chicken pox, according to an opinion given by the attorney general's department recently. The opinion held is that chicken pox is not a quarantinable disease and that the health officer was not authorized by general laws to examine pupils against their will or order the school closed in case chicken pox is discovered in the school.

WHY SCRUGGS WAS HONORED

Texas ex-Doughboy Is Made State Adjutant Because He Attended Every Legion Convention.

Because Charles W. Scruggs of Dallas, Tex., attended every state and national convention of the American Legion, he was rewarded with the strenuous job of adjutant of the Texas department. Mr. Scruggs enlisted as a private in the Thirty-sixth division early in the war, and served with that unit in America and France. He was discharged as a sergeant at Camp Bowie, Tex., March 1, 1919. Mr. Scruggs attended the University of Texas and then taught school two years. At the outbreak of the war he was a reporter on a Texas newspaper.

Convicts in Olive Drab Uniforms.

A protest against the wearing of the olive drab United States service uniform by prisoners of the Monroe State Reformatory at Monroe, Wash., has been made by Thomas N. Swale, commander of the Washington department of the American Legion, who with a committee of Legionnaires visited that institution. Representatives of the bureau of War Risk Insurance and the federal board for Vocational Education joined with the Legion members in the protest to the state officials. Shortage of funds and the low cost of the uniforms were responsible for their adoption as the official prison garb, according to state officials. It is believed that the prison officials will adopt some other uniform for the convicts.

States O. K. Five-Fold Plan

The state legislatures of North Dakota, Oregon and Minnesota have adopted resolutions urging that congress pass the Fordney bill, which embodies the five-fold compensation plan of the American Legion. The action of the North Dakota legislators is especially noteworthy in that their state has already awarded each veteran a flat bonus of \$25 a month of service, the largest state bonus to be granted.

COATS HAVE AMPLE LINES

The styles in spring coats may be summed up broadly in the words—"soft fabrics" and "ample lines." Even in utility coats there is a suggestion of the cape and mantle, and pile fabrics, light in weight, but thick and soft are used.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

RESOLUTIONS OF RESPECT

Cameron, Texas, May 18, 1921. To the Officers and Members of Cameron Lodge No. 56, I. O. O. F.:

We, your committee appointed to draft suitable resolutions of respect in memory of our deceased Brother, Ray Jenness, who died May 10th, 1921, respectfully submit the following report:

Once again death has summoned a Brother Odd Fellow, and the golden gateway to the Eternal City has opened to welcome him to his home. He has completed his work in the ministering to the wants of the afflicted, in shedding light into darkened souls, and in bringing joy into the places of misery, and his reward has received the plaudits, "Well Done," from the Supreme Master. So let him sleep that dreamless sleep, our sorrows clustering 'round his head. Be comforted, ye loved who weep, he liveth with God, he is not dead. Green be his memory in the Order's heart, he is loved so well, through all his true life's span. Bless'd be his rest, who acted well his

part, who honor'd God in doing good to man.

And whereas the all-wise and merciful Master of the universe has called our beloved and respected Brother home, and he having been a true and faithful member of our beloved Order, therefore be it

Resolved, that Cameron Lodge No. 56, I. O. O. F. of Cameron, Texas, in testimony of her loss, be draped in

mourning for thirty days, and that tender to the family of our deceased Brother our sincere condolence in this deep affliction, and that a copy of these resolutions be sent the family, a copy be spread upon the minutes of this Lodge, and a copy be furnished the paper for publication

NEWS FROM SHARP COMMUNITY

Edited by Mrs. W. H. Lyon

May 15.—One of the heaviest rains of the season fell here last Monday evening, washing the land considerably.

The health of this community, aside from arms recently vaccinated, is good. No other cases of smallpox reported, and the ones who have been affected are now about well.

School closed here last Friday evening with a picnic for the grades and outdoor exercises consisting of some playlets by Mrs. Lyon's pupils.

Miss Naomi Criswell left Saturday for her home at Buckholts, much to the regret of her many friends here. Miss Criswell has taught four terms as primary teacher and has been unusually successful in her line.

Rev. J. B. Logan returned last Saturday and filled his regular appointment Sunday and Sunday night. He goes next week to Elgin to assist in a meeting there.

Mrs. Lyle and Mrs. Ed Fowler were Thorndale visitors a few days ago.

EQUALS BIG LEAGUE GAME FOR REAL AMERICAN ENTHUSIASM

Broadway Jones, at Chautauqua Creates Whirlwind Fun

George Cohan needs no other work of his to prove him great with Americans than Broadway Jones. It starts off with the rise of the curtain and in in minute the crowd is roaring. From then on brilliant fun lightning action lasts until the final drop.

Jackson Jones is a thoroughly American but somewhat harumscarum young duck. He gets a lot of jolts and is man enough to make good use of all of them.

A chewing gum factory figures

prominently from the first, also a wealthy widow. Jones is engaged to the widow but he loves someone else. How he manages all the complications make an intense story, screamingly funny.

THE PLAY AT CHAUTAUQUA

The Greatest Success of all This Year.

For the last two years the success of the plays, It Pays to Advertise and Nothing But the Truth was very great. A high standard has been established.

This year Charles F. Horner has arranged with George Cohan to produce Mr. Cohan's greatest New York success, "Broadway Jones". Funnier than any other play of recent years, Broadway Jones is proving also the greatest of all successes produced by Redpath-Horner.

For action, clean fun, thrilling situations, Broadway Jones surpasses them all. It affords an opportunity for an evening of pure joy for everyone who can understand English.

WOMEN AS "PAMPERED TOYS"

Distinguished French Abbe Makes Some Sharp Commentaries on Sex Relations in America.

American women expect (very rightly) from their husbands the same attention which French husbands receive from their wives. The American husband expects nothing, and for what he receives the Lord makes him truly thankful, writes Ernest Dinnet, in Harper's.

"We are pampered toys," an American lady told me in a distinctly resentful tone, "but we only know it when our husbands, after keeping every trouble from us, suddenly die."

If the abstraction called the American woman could be met with, I should ask her whether she really likes to see a dozen men in her drawing room watch her the whole evening and bob up with military precision the moment she half rises to ring the bell; whether she would not prefer her escort to think of what he is saying to her instead of concentrating on where she walks, skipping to the unprotected side of her the whole time; or whether she does being supported across the road with infinite precautions, as if she were a very ill person or a very brittle object; or, on the contrary, firmly grasped below the shoulder and wafted to the other side with the triumphant ease of long practice.

I have kept a picture representing three exceedingly widely known American men watching a lady go down a city stairway. She is spoken of as a sportswoman and would probably think nothing of scrambling down a rope ladder if it amused her. The steps on which she appears are broad and comfortable, but the gentlemen with guiding and supporting gestures smile at her achievement with the same wonder and delight as if she were a baby for the first time off the ground. Meanwhile the lady herself looks in her furs like coy Phoebe before clouds.

A TONIC

Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify and IRON to Enrich it. Destroys Malaria germs and Grip germs by its Strengthening, Invigorating Effect. 75c.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

METHODISTS SHORT 2000 PREACHERS; TO URGE EDUCATION

CHRISTIAN EDUCATION MOVEMENT BEGINS SATURDAY, MAY 28th

Nashville, Tenn., May 18.—The Southern Methodist Church is short 2,000 preachers and is calling for hundreds of volunteers to become missionaries and trained church workers in order that the needs of the local church and mission fields may be supplied, it is announced by the Christian education movement of the Methodist Episcopal Church, South.

In addition to the shortage of ministers and missionaries, it is said that the educational institutions of the church are badly crippled on account of insufficient funds to make necessary improvements in building and equipment and to assist worthy students to obtain educational advantages.

Leaders here say that it is in order to meet this situation that the Christian education movement was organized. This movement has the right of way throughout the Church over all other causes. For the past year a program of cultivation and education has been in progress. Leading men in both the Church and State have devoted much time to speaking in behalf of the movement, and local churchmen have kept the cause actively before the people in their communities.

The climax of the Christian education will be reached May 29-June 5 when a simultaneous drive for funds will be made throughout the Church. The amount sought is \$33,000,000. It is said that this amount will put the 91 schools and colleges on a permanent foundation and will provide a million-dollar aid fund to assist worthy students who wish to enter the ministry and other forms of Christian service.

Will T. Yates, county clerk, has been confined to his home for the past week. His friends will be glad to know he is recovering his health rapidly.

FAMOUS ARTISTS COMING MAY 24

EDISON TONE TEST BILL BEST IN RECENT YEARS SAYS DEALER

Miss Helen Davis the celebrated Mezzo-Soprano, and Sibyl Sanderson Fagan, a whistler, without a peer, assisted by Mr. Willard Osborne, violinist, will be heard in an unique recital at the Yoe High School Auditorium on the evening of May 24th, 1921.

Miss Davis is one of the most promising young singers now on the concert stage. She is the possessor of a brilliant voice of glorious quality and an ability to interpret the songs that America loves. She was born in America and has accomplished all her vocal and artistic training entirely here, of which fact she is proud.

When Sibyl Sanderson Fagan was a tiny girl, she was given to make everybody in the family miserable by whistling loudly and eternally. One day, along came a professional whistler to visit the Fagan home in Springfield Ohio, and Miss Fagan suddenly discovered that she really could whistle "a little better" and she modestly expressed it, than most people. She determined to make a real artistic profession for herself by means of her unusual gift. She studied breathing exercises, which are quite as important in whistling as in singing. Also, she studied the piano until her artistic ideals were developed. It didn't take her long, after beginning piano lessons, to see her whistling could be made real art and not an entertaining novelty. Miss Fagan whistles by means of her two fingers. She says she wouldn't even try it any other way, for she can whistle longer and get less tired and avoid blistered lips by using her fingers.

The concert on May 24th promises to be a most unusual treat for the music lovers of Cameron.

Cards of admittance may be secured from New Cameron Drug Company so long as accommodations remain.

UTILIZE YOUR SPARE MOMENTS

Why not use your leisure time wisely? What have you gained from your spare time the past year? In every city, town and community in our great Union, some ambitious persons are studying by correspondence, are climbing upward, while their associates are

standing around the foot of the ladder of success. Already thousands too busy or too poor to attend college are finding education at their door; already they are studying, mastering, succeeding. We are as near to you as your mail box. An hour a day for three months, devoted to one of our courses will make you stronger, wiser, better fitted to cope with the world and wrest success from her hands, success which can be won only by those who are trained in their work.

We are teaching, under our money back guarantee plan, and have for years successfully taught by correspondence, thorough courses of Bookkeeping, Shorthand, Typewriting, Telegraphy, Grammar, Spelling, Arithmetic, Business Law, Penmanship, Salesmanship, Advertising, etc. In a few months' time without interfering at all with your present employment, we can equip you for a position as a trained office worker, and your income need never cease during the period of training with us you will be able to accept a position at a far better salary than you are now receiving. This is the age of specialization—the trained man gets the big salary.

The advantages of a correspondence course are in part as follows: Less cost, not one-sixth of that required to attend school; no lost time or salary; you "earn while you learn," have your leisure time that would otherwise be wasted. Make just as much salary as if you were not studying at odd times. You study at home—the education comes to you. Three months free use of standard typewriter is given with full Shorthand course. If you decide when partly finished to enter for personal work, you may do so without paying any additional tuition.

For complete information as to our courses fill in and mail the coupon below for large free catalogue.

POSTAL REGULATION AFFECTS 580 TEXAS OFFICE HOLDERS

CAMERON POSTOFFICE ON LIST
AFFECTED BY PRESIDENTIAL
PROCLAMATION TUES-
DAY.

Washington, May 17.—President Harding in his executive order Tuesday changing the Wilson executive order on first, second and third class postoffice regulations but in effect retaining the civil service, blasted the hopes of hundreds of party workers in Texas who had hopes to get postoffices.

There are 580 postoffices in Texas which the republican organization there had expected would be thrown open to republicans. National Committeeman MacGregor is said to have made a list of men to be appointed, many of whom, however, were opposed by other factions of the party.

The MacGregor slate is said to have contained among others, the name of J. H. Mumbower for Fort Worth; Roy Nichols for Houston; W. C. Kenyon for Amarillo and O. P. Maricle for Wichita Falls. All these men however, if they want the places must under President Harding's order go into competitive examination in which democrats will compete on even terms with republicans.

If one of the three highest men is

THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the county of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty days exclusive of the first day of publication before the return day hereof: NOTICE OF APPLICATION FOR ORDER OF SALE—ESTATES

THE STATE OF TEXAS,
To all persons interested in the estate of Lucia Myers, deceased, notice is hereby given that Sue M. Read has filed in the County Court of Milam County, an application for an order to sell the following property of said estate, to-wit:

206 acres of land situated on the west side of Pond Creek in Milam County, Texas, and being a part of the W. L. Hannum League, which application will be heard at the next Term of said Court, commencing the first Monday in June A. D. 1921, at the Court House thereof, in the city of Cameron, Texas, at which time all persons interested in said Estate are required to appear and show cause why such sale should not be made, should they choose to do so.

Herein fail not, but have you then and there before said Court this Writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said court this April 29th, A. D. 1921.

a republican, it is natural that he would be given the appointment, but if the three highest men are democrats there will be nothing to do but appoint a democrat.

Of the postoffices in Texas which it had been expected would be thrown open for straight appointments, but which are continued until civil service rules by President Harding's order are first-class, paying salaries ranging from \$3200 to \$6000; 135 second-class, paying salaries from \$2300 to \$3200, and 421 offices of the third-class paying from \$1000 to \$2225.

Some of the offices and the salaries paid are: Fort Worth, Houston, San Antonio and Dallas \$6000 each; Wichita Falls and Beaumont \$3800 each, and Amarillo, \$3600.

Democrats generally were highly pleased at the discomfort of the republicans. Some of the republicans were outspoken, in denunciation of the order by President Harding.

Cameron postoffice, is among the 580 postoffices in Texas affected by the order. Because the senate of the United States failed to confirm the nominations sent in by President Wilson hundreds of postmasters remain unconfirmed, although ranking first in point of examination under the civil service rule. President Harding has in effect retained the civil service but lays the predicate for removing Democrats by making it optional to select one of the three highest among the applicants. If one of the three is a Republican the appointment will go to the Republican.

HEALTH GRAMS

Vaccination is without doubt one of the greatest blessings which ever came to the human race. For the sake of humanity do not oppose vaccination to prevent smallpox, but endeavor to make it compulsory.

Faulty cooking is one of the greatest evils under which our race lives.

Flies are not only a nuisance but are the means of disseminating typhoid fever, cholera and diarrhoea among human beings, and surra and anthrax among horses and cattle.

The perfumes of Araby and the laces of Spain cannot give to a baby the charm to be found in a tub of soft water and a cake of bland soap.

The food we eat, the liquid we drink the air we breathe, are, and always will be, fundamental factors in the maintenance of health.

The functions of the health officer are not only to look after sanitation of the water, milk, food, and air, but should also include an interest in reducing the mortality by co-operating with the medical profession in securing hospital and home facilities for the care of the sick.

The nurse at the bedside has become a necessity in present day civilization. There was a time not so long ago when practically every woman was not only a housekeeper for the well but a housekeeper for the sick.

It is my prediction that the future

statesmen will be that group of men whose thoughts are given to measures for the attainment of healthy citizens. They will regard the child, even before it is born, as worthy of their best thought and constructive legislation and will attempt to make true in fact that oft-used statement that all men are born equal insofar as this can be done by making it possible for all citizens to have proper food, clothing, housing and other environmental conditions.

Cameron Banker Would Make Marketing Bureau Paper Meet Federal Reserve Requirements

San Antonio, Texas, May 17.—With a sweep of oratory which at one moment flayed them unmercifully for their failure to guide the cotton growers in the sound marketing movement and at the next praised them for their inherent ability to make Texas the greatest agricultural State in the Union, Aaron Sapiro of San Francisco organizer of some of the biggest co-operative farmers' movements on the Pacific Coast, addressed the thirty-seventh annual convention of the Texas Bankers' Association Wednesday. The association passed a resolution which is the first step in the growers' association, an association which will place the Texas cotton crop in position of domination in the whole world. Mr. Sapiro rebuked the men who control the finances of the State for allowing four of every five farmers to "go broke" raising cotton. He told them that any agricultural enterprise that for the last sixty years has had to borrow money to plant the new crop showed a rotten streak in a marketing system. And then in a gentler tone, he took the blame from the shoulders of the farmers, who can not comprehend merchandising in world-wide terms, and placed it with a sudden jolt on their own shoulders.

Cities Organize Growers

He declared that Orange Growers' Association of California which was the first attempt in that State was twenty-six years old. For the first ten years it proved a failure because it was handled as a local marketing system instead of a commodity system. Under the original plan the crop of one town backed the crop of another town. But in 1905, he declared, it was made a commodity system under which there was one selling office and the farmers' shipping their products into district warehouses from which they were shipped to the markets under direction of headquarters. This system, he declared, had so stabilized the orange market that no town in the United States was glutted or had a famine at any time. The success of the plan he laid to the type of men who direct the organization, no amateurs being employed, and the world being combed for the best grade obtainable.

"You men have no right to say that the ultimate consumption of cotton has been reached," declared Mr. Sapiro. "You know nothing about it. But if you organize rightly you can hire men to comb the markets of the world and find new outlets and devise new means of using cotton."

New Uses for Cotton

"You sit down and let the Japanese silk raiser come right into your State and sell silk shirts while your cotton lies unprotected at country stations."

"You even let the burlap manufacturer take money out of your State by covering bales of wrappers with burlap instead of covering them with cotton."

The plan that he outlined for Texas is an organization controlled by twenty-three directors. The State is to be divided into twenty districts, one director for each district, who must be a cotton grower. The other three directors to be appointed by the Governor, the A. & M. College and the Farm Federation Bureau and preferably bankers.

The association would be organized on a minimum of 1,000,000-bale basis, which would make it the largest body in the world.

The grower will be under a five-year contract so that only death or

sale of land can break the contract of providing their prospect.

The establishment of warehouses by the sale of preferred stock and total capitalization to be repurchased by the association for the farmers at one-fifth per year so that they will learn the dividends from the warehouse tolls.

The financing of the crop to be worked by bankers, acceptances or any methods which the State bankers will adopt.

Unanimous Approval Given

No sooner had Mr. Sapiro finished his address than the motion was made, seconded and unanimously carried that the body appoint a committee of three men to meet with the Farm Bureau Federation to draw up plans of financing which would be acceptable to the bankers, and also heartily indorsing the project.

Oxshier Smith of Cameron, Texas, offered the resolution in substantially the following form: "I move that we endorse the Farm Bureau Federation of Texas and that to make effective our endorsement we set up a committee of three who shall confer with the federation in drawing up the proper forms of acceptances so that such can be rediscounted with the federal reserve Bank a form of paper which The motion was passed without a dissenting vote.

THORNDALE STORE IS BURGLARIZED

THORNDALE HAS ANOTHER TOUCH OF CRIME WAVE—WUENSCHER STORE ENTERED

On Wednesday night of last week just after a light rain, the store of Mrs. J. C. Wuensche, just across from the depot was entered and a quantity of jewelry taken, estimated by Mrs. Wuensche to be worth about \$67. Entrance was effected through a

small window on the west side of the building where a glass had been broken and replaced with a plank. This board was removed allowing the passage of a small person. A large sized muddy track of a bare foot was made on a table directly under the opening made by the person entering by the window. The rear door was unbarred and egress was made through this, the party leaving the imprint of a number 8 shoe at the rear door. A negro, suspected of the robbery was arrested near Gause but was later released. Deputy John Worley is at work on another clue that he thinks will materialize in a short time. The \$100 reward offered by Thorndale merchants applies to the arrest and conviction in this case.

HEAR THE LECTURES

By Nationally known men--A treat to every person in Milam County.

"Every year I have tried to keep in mind the needs of the vast territory we serve and to bring thought to bear as well as to supply music and entertainment of merit. You have been kind in your expressions. The great program of this year will, I firmly believe, cement our old and make new and lasting friends. It is the result of my best thought and effort.

"Let us view first the lecturers.

"Dr. Frank Dixon occupies a place upon the American platform won by powerful and fearless treatment of vital subjects. His 'Man Against The Mass' has become a classic. A more powerful arraignment of the doctrine of Communism in all its guises and varieties has nev-

er been delivered from the platform. He is a remarkable man, a great orator, a keen analyst with crystal clear thought and Emersonian expression.

"Henry A. Adrian has a lecture that is of entrancing interest in every agricultural community and of scientific moment to everyone. For many years associated with Luther Burbank, Adrian tells the absorbing story of Luther Burbank's development of new fruits and vegetables. The evolution of the spineless cactus, wonderberry, sounds like a page from a fairy tale. Adrian's lecture will be of tremendous value.

"Charles H. Plattenburg does not use the hackneyed methods to wake communities to the value home inventory brings, nor

does he batter down the doors of the future with an axe. Plattenburg has some new things to offer you as a business man and citizen, first to increase your pleasure and profit in community co-operation and probably most valuable--to make your business and talents return many fold value to the community. Get to know Plattenburg while he is with you.

Madame Selivanova was born and reared in Russia. Of noble family, she has had access to facts and information within the reach of only a few. Russia of today; not the newspaper story but the real inside of the present upheaval. Escaping from Russia at the time of the Bolshevik revolution, she has devoted her time since to making us understand a country that always has been friendly to our Republic. A niece of a major general on the staff of the Czar, a woman of rare education and charming personality--she gives the tragic story of the fallen giant of Empires. This is a rare opportunity to get facts.

unusual beauty and appeal. The second part is devoted to excerpts from Light Opera in gorgeous costume. This is a delightful and decidedly rich feature. Each member of this company is an artist. The ensemble work is very fine indeed.

"In selecting the great Cohan success, 'Broadway Jones,' I have in mind the great success which we have had with our plays the last two years. 'Broadway Jones' is from the pen of Mr. George Cohan and in the New York production, Mr. Cohan played the title role. It proved to be one of Mr. Cohan's greatest successes. It is full of action and fun and I predict that it will be pronounced the most successful play we have ever had. As usual this play will be produced with a New York cast.

"A decidedly unusual and interesting feature will be the Grenadiers Singing Band, a crack uniformed organization of singers and instrumentalists with a novel and surprising program. Nothing of this kind has been featured on this circuit in recent years and we are making every effort to surprise you with a program of features that are very much out of the ordinary in conception and execution.

"The Wells Company is one of the most finished dramatic and musical organizations we have. For one thing will produce a three act play and a number of musical and dramatic numbers besides. Mr. and Mrs. Glenn Wells are a host in themselves and their work together, each so completely supplementing the other, is one of the finest examples of team work we have ever seen.

"And then a company, The

Philharmonic Ladies Orchestra, to which I have given a great deal of time and thought. You know something of the musical companies which have appeared over this circuit to which I have given especial attention. Your comments and appreciation of these companies in the past three years have been very grateful. In this all-string orchestra you are to have a program as artistic and finished as I know how to make it--a program that will be a revelation; combinations of harmony that will delight you. This will be staged without regard for expense for I have ideas of combined color and harmonic effects that are original, I believe.

"Miss Clarissa Harrold will

read 'Friend Hannah' this year. Miss Harrold is a pupil of Philadelphia Rice of the Leland Powers School. Miss Harrold combines remarkable personality and charm with decided histrionic ability. The play, 'Friend Hannah' is a gem. The sweet pathos and refined humor of it are doubly delightful through Miss Harrold's fine presentation.

BURGLARS GET OFF WITH BIG PLUNDER IN ROGERS STEAL

Rogers, Texas, May 15.—A bold robbery occurring sometime between Saturday night and Sunday morning in which Roddy Bros. dry goods store was looted, gave local officers plenty of concern today.

City Marshal Albert Fisher of Temple and Sheriff Albert W. Bonds at Belton were notified and the latter paid a personal visit to the scene today while the Temple officers are also rendering assistance in apprehending the burglars.

Entrance was forcibly effected through the rear store entrance and the thieves were enabled to work unmolested.

Their fancy inclined to men's furnishings and women's apparel, although a few minor articles such as kewpie dolls, Ivory soap and ladies toilet accessories are also missing.

From the check made of the losses it is learned that men's shoes, hose, neckwear, silk shirts and collars and ladies' kimonos, purses, hose and garters were taken. Some children's dresses and child's sox were likewise taken. Toilet water, talcum powder and other toilet accessories.

Three leather handbags which are also missing were evidently used in which to pack the plunder.

Officers have been busily engaged on the case since the burglary was discovered, but no arrests had been reported up a late hour tonight.

WICHITA WOMAN SPENT HUNDREDS

Condition Grew Worse in Spite of all She Could Do and Became Almost Nervous Wreck.

"I have spent hundreds of dollars trying to get rid of my troubles, but Tanlac has given me relief at a cost too small to mention," said Mrs. J. F. Mulkens, of 438 Waco Street, Wichita Kansas.

"Before I took Tanlac my health was broken down so that I was almost a nervous wreck. I couldn't sleep at night and would get up in the morning completely worn out and felt that way all day long. I suffered from smothering sensations after meals, had awful pains in the back of my head and such spells of dizziness I could hardly stand up. In spite of all the medicine I took I kept getting worse, until I was right on the verge of des-

pair and didn't know which way to turn.

"But lucky for me, I started taking Tanlac and now I am just like a different person altogether. My appetite has improved wonderfully, and my nerves have steadied down till I can sleep fine at night. I am much stronger, I look after an eight-room house with the greatest ease. It is just wonderful the way Tanlac has built me up."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldridge Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store.

When you buy eggs— you judge their value by freshness and the "dozen."

When you buy silk you figure its worth by feel—beauty and the "yard."

But—how do you arrive at the value of baking powder? You can't tell by appearances—by weight—bulk doesn't mean quality.

There's only one way—and that is an oven test.

By that test—Calumet always proves itself the best.

Never fails—Never permits waste of baking materials

CALUMET
BAKING POWDER

"BEST BY TEST"

It is the most economical of all leaveners. Its price is moderate—you save when you buy it.

It has more than the ordinary leavening strength—you use less and save when you use it.

It never fails. There is no loss of baking ingredients. So, don't guess at Baking Powder value any longer. Measure it by results.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

oses in Your Cheeks

I feel one's best alimentary tract, before putting more food into the stomach. Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks. A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do. Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

Thorns and Rocks! You tell 'em Fred!

The Thorndale Champion's article of last week about the Bremond Syndicate No. 1, deep test, is carefully noted as it is reprinted elsewhere in this paper. Now, Fred, you are unnecessarily disturbed about your old hot-water well, for we don't want it now, at all. We have no desire to market sulphureted hydrogen, but high grade oil which Rockdale is swimming in, as the mother pool undoubtedly lies immediately under our Fair Park. Go to it, old boy, and get all the hotwater bottles in Thorndale ready to catch the stuff. Glad to learn the exact distances of the Bremond No. 1, and herewith remind you that in this case distance does not "lend enchantment to the view" for our honest-to-goodness oil wells are coming closer and closer to Rockdale every month that passes. We are telling the world that, based on very fact. And by the way, Fred old dear, please advise the Bremond boosters that a heavy chain wrench is a mighty poor way to welcome an inquiring guest. Tell them just to shoot him the bull, which is far more entertaining and makes better newspaper talk; if you know what we mean.—Rockdale Reporter.

—And you say you don't want our hot water well NOW.

When did you change your mind, Drake? Get off that stuff. Whddayamean honest-to-goodness oil around Rockdale? "AROUND" is correct. Near Rogers, Minerva, Tracy and Mexia is also correct, and that is almost around Rockdale but not near enough "around" to put up a holler about.

Thorndale is not boosting and howling about an imaginary oil field. We believe in waiting until we have the goods to offer the outside world before pulling the megaphone stunt. When you see a date line from Thorndale, stating that "we have it" you can just bet your last dollar that old Herndon got it straight.

As to the reception your "inquiring guest" met with at the Bremond test he should have been a believer in signs. The place is posted with large signs; the lease is owned by the Bremond Ranch Syndicate who have paid their own money for it, they have no stock for sale, are not looking for boosters, buyers or "inquiring guests." It is private property and posted, and is the custom on other posted property, a polite invitation to vacate is often followed up with a demand. We do not know that this reception is fact, but if it is, those in charge of operations at the well were acting within their rights and if they did as you claim that's their affair.

And, pray, how can we "shoot him the bull" when the Executive Secretary of Rockdale has had the supply cornered for some three months now?

It's all right, Drake, but don't work it overtime. You need a rest, and to keep posted on Thorndale's development, in the bottled sulphureted hydrogen line and oil development here, just read The Thorndale Champion and put your money on Herndon keeping the record straight.

THORNDALE WELL MAY PRODUCE BIG

BREMOND RANCH DEEP OIL TEST PLUGGING ALONG UNDER HANDICAP

Of course, we are not superstitious, but we would have done just what driller Frank Bartlett did last Friday, he 13th. He shut the works down and gave the boys a holiday. And Frank isn't superstitious, either, but, well, it's a long story, and anyway when the drill-stem tried to do a one-step without any apparent reason early Friday morning, and then stuck tight and fast in the hole, he thought it about time to let it rest a bit, while he investigated. The investigation proved up another field of boulders that has given so much trouble henceforth, but is not expected to hamper the work to any considerable extent.

The Champion man visited the well Friday and was shown over the place R. H. Babcock, who is in charge of the operations on the Bremond Ranch test. Aside from the rig, which looks just like any other heavy rotary rig would look it appeared perfectly natural and fully at home, as did driller Frank Bartlett, who has gained a reputation as a careful driller that knows his business. The drill is going down slowly now, as those in charge are not taking any chances on ruining a perfectly good hole, and when oil is found, the hole will be able to take care of it, without unnecessary delay and subsequent loss of the precious fluid.

The water flow has been overcome successfully, and while the boulder formation is giving considerable trouble, the work is not being rushed and every effort will be made to keep the hole going straight. The boiler is already back far enough from the well in case of a gusher and everything on the location is apparently in tiptop shape.

The workers have been cared for handsomely. In addition to the buildings arranged for their comfort in the cool shadowy woods, near the well, a splendid shower bath has been provided which adds much to the comfort of living during the warm days.

The well is roped off, "Keep Out" signs have been placed to safeguard

visitors and curiosity seekers who invariably rush up and try to look down the hole, jeopardizing their own lives and possibly those of the workers. "It is all so unnecessary and foolish," stated Mr. Babcock, "when they can get as much or more information from their Champion. The newspaper always gets the information first, when we have anything to give out. We are as anxious as anybody to get oil here; we are spending our own money in the work, and just as soon as we find that we have what we are going after, we will certainly tell it."

The hole is now down about 1250

feet, but Mr. Babcock stated he did not look for anything worth while under 2500 to 3000 feet.

OAKDALE HAPPENINGS

Edited by Mrs. Sid Hause

Oakdale, May 16.—Hoyte and Hanover had a ball game at Hoyte Saturday and Hanover beat our little community good and a plenty, but I believe Hoyte said they were willing to try again.

There is a baseball team that named themselves Santa Fe and Sunday evening they played Hoyte below here near Milano and poor Hoyte got beat again.

Sunday Mr. and Mrs. McKinney of Cameron came out to Mr. and Mrs. Searcy Nicholson's to spend the day.

Mrs. Garner went Saturday evening to the Cameron Sanitarium to have her face treated.

Mr. G. W. Batey and his daughter, Mrs. Shelton, went to Cameron Saturday.

Mrs. O'Neal, her children and aunt, Mrs. Turnham of the Prospect Community came Friday to see friends in this part of the neighborhood.

Hugh Wimberley of Prospect spent Sunday near the Oakdale old school house.

Mr. and Mrs. Spraberry had some of their relatives to visit them from Bell county. They were after berries

and grapes as there is nothing like that on the black land.

Mrs. G. W. Meadows of Austin spent the week end in Milano.

The Baptist revival meeting for this place will begin on the third Sunday in June at Milano.

Mr. J. W. Clements of Galveston, is spending a while with Mrs. Coffey at the Hudson House.

Mrs. J. D. Peeples returned home from Waco where she had been to see her daughter, Mrs. John Burns who got burned quite badly.

Mrs. W. H. Todd left last week for a visit in Fairburn, Georgia to visit a sister she had not met in 50 years.

I feel like there is not much to write as everybody is in the fields at work trying to make something to eat. This seems to be the hardest year for some time.

Mr. Theo. Ashenbeck was trading in Cameron Saturday evening.

Mrs. Hause was in Cameron Friday after corn and other things.

J. W. Heitman and two children were shopping in Cameron Friday.

largely attended. The stage was beautiful in its decorations and the manner in which the school rendered the program proclaims praise to our teachers. We have had a splendid term under superintendence of Mr. R. H. Porter.

Rev. Burk filled his bi-monthly appointment at the Baptist church in this village Sunday.

Mrs. Jeff Davis spent the past week with her daughter and family in Sharp.

Misses Minnie and Fannie Young and brother Vess, motored from Thorndale to attend commencement exercises here Thursday night.

Speakers during commencement week were Dr. Herndon of Taylor and Dr. Birdwell of San Marcos.

Miss Tisdale, primary teacher of our school left for her home in South Texas Friday.

Miss Robinson, a member of our school faculty, left her home in Georgetown Saturday.

Mr. E. M. Perry is very ill at this writing.

Mesdames Sam Clement, Jack Clement, L. Smith, Sanford Gore, J. P.

Reeves and family, Henry Moore and wife, Mr. and Mrs. Floyd Goff, Rev. and Mrs. Burk, Mr. and Mrs. Wilford Wilson of Thorndale were present at Commencement exercises.

Rev. Roberts of Bartlett was with old friends here Friday and Saturday.

Miss Sue Ella Glasscock has lately returned from school in Waco.

Mr. and Mrs. Massey of Sharp were among the visitors in this village Thursday evening.

W. H. Camp and R. H. Porter attended the big game of baseball at A. & M. Saturday.

Misses Ora Yeager and Fay Felton spent the past week end at home in this village.

Will Maddox went to Rockdale Saturday.

Milton Perry of Fort McCravey is here at the bedside of his father, E. M. Perry.

AN INTERVIEW

Mr. Mitchell Tells His Experience

The following brief account of an interview with a Cameron man a few years ago, and its sequel, will be read with keen interest by every citizen:

M. W. Mitchell, retired farmer, 503 E. 15th St., Cameron says: "Several years ago my kidneys were out of order and I had a weakness across my back and loins. The kidney secretions annoyed me by their irregular passage, at times being too free and then again scanty. Very often a

brick-dust-like sediment. A friend recommended Doan's Kidney Pills and used them as directed. Doan's soon regulated my kidney complaint." (Statement given June 28, 1915.)

On July 2, 1919, Mr. Mitchell added: "I feel just as kindly toward Doan's Kidney Pills now as when I endorsed them in 1915. Doan's is my standard remedy for any kidney complaint."

THE U. S. ROYAL CORD

A famous tire—and a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season.

The stripe around the sidewall is registered as a trade-mark in the U. S. Patent Office.

How you can measure tire value in 1921 —

"Any U. S. Tire is a universal full-money's worth."

OFTEN it's surprising the number of different tire views that come out in a chance talk at the curb or in the leisure of a friend's garage.

Almost every day you come across the man human enough to believe he can outguess the cut-price tag on "job-lots," "discontinued lines" and "surplus stocks."

His opposite is the hardpan car owner who sticks year in and year out to a standard brand as the only rational economy.

Many will remember the scarcity of U. S. Tires last year.

A hardship at the time, but a benefit now. There are no U. S. Tires to be worked off—no accumulations—no forced selling of any U. S. brand—no shipping of tires from one part of the

country to another to "find a market."

There are 92 U. S. Factory Branches. Each one gets its share of U. S. Tires. There is a broad, constant, even distribution of U. S. Tires always going on from these Branches to the dealer.

Buy a U. S. Tire anywhere—in a community of 500 people or even less—and you get a fresh, live tire of current production—with all the original service and mileage the factory put into it.

The owner of a medium or light-weight car stands on equal ground with every other car owner.

Any United States Tire is a universal full money's worth—backed up with a leadership policy of equal quality, buying convenience and price for everybody.

"The different tire views that come out in chance talk."

Victoria No. 7 with a bunch of track men are running fine but they can't get the water turned on. Time 33 seconds.

Our boys' fever a little below normal.

Lampasas No. 8 with a fine bunch of boys are off, run slow, made good connection. Time 30 seconds.

Boys' fever back to normal.

Yoakum No. 9 has started, running slow, good connection, time 28 seconds.

Boys' fever 102.

Stephenville No. 10 starting, slow run, bad connection, time 32 1-4 seconds.

Boys' fever normal.

Brownwood No. 11 ready to go. They are running fine. Slow plug-men. Time 28 seconds.

Boys are moving around getting limber.

Belton No. 12 are off. Slow run, good connection. Time 28 seconds.

Our boys are limbered up and cool as cucumbers.

With the best cart, the best looking suits and the best looking boys that have been up, The gun fires. They're off! No human ever saw boys run harder. They are at the plug! Their Captain is begging them to hurry and they jump ten feet when he hollered. A perfect connection at the plug, a perfect connection at the nozzle, and a perfect run.

Time 27 1-4 seconds.

Boys' fever 199. All delirium. Running wild, as they gradually come too, each one finds himself doing some foolish thing.

Joe Richter is running up and down the street pulling the cart by himself. Forgot to turn it loose.

R. L. Batte thought he was waltzing around with some of the boys and when he came to, he had a poor old negro woman about danced to death.

The Cops had to catch Buddy Wilson to keep him from running himself to death.

After much war dancing and congratulations, we managed to get our cart off the track so the Cup Race could be run.

We tied Hillsboro for the Cup but was fined two seconds on leaks caused by a gasket bursting.

We had another war dance where our Captain came, bringing in that wonderful bunch of twenty-dollar bills.

Races over. All feeling fine.

A ball was given in our honor that night and was enjoyed by all, especially Mascot Hearrell as his girl had informed him that her husband was out of town.

As Fire Marshall Ed Adams was so happy he couldn't sleep he had us up at 2 a. m. to catch the train for home, and as we were all so anxious to get a glimpse of the best town in Texas, none of us made any kick.

We turned in several alarms on our way and then told the boys of the victory we were so proud of.

But the greatest and grandest surprise, and a demonstration is treasured more in the heart of each boy than the money that he had in his pocket or even the honors of winning first prize, was our Chief, our Band, and a majority of our citizens at the depot with the most glorious welcome that was ever given a bunch of pardoned firemen.

We were driven on parade through the prettiest town in Texas and stopped at the Palace of Sweets where Messrs. Sharpe and Steadman served the entire delegation with Chocolate Smothers. Well there may be others just as good, but none better. From here we went to our homes, tired but happy.

A fire might as well break out in the midst of the ocean as in Cameron, since we know the city is behind us as they are. Go ahead and be as careless as you wish. Your house can't burn.

BAND CONCERTS FOR SUMMER ARRANGED

CAMERON CONCERT BAND WILL ENTERTAIN WEEKLY WITH CONCERTS IN CAMERON

PREBYTERIAN GIRLS' CLUB

The club met at the church on Tuesday afternoon. The lesson for the afternoon was taken from the life of Anna, the Prophetess, who not only served her Lord through youth but was still found faithful at her post of duty in old age. How wonderful was her reward!

After this the girls did some work for some of our mountain orphan children, preparatory to sending them a remembrance at an early day.

BANK DEPOSITS OF COUNTY DISCLOSES PROSPEROUS STATE

MAY CALL SHOWS MORE THAN TWO AND QUARTER MILLION ON DEPOSIT

Bank deposits in Milam county as shown by the May call for statements reveals an exceptional state of prosperity and insures a solid condition of finance for the future.

Deposits to the amount of \$2,287,605 in the banks of the county are shown by the May statement. This aggregate includes the deposits in the ten banks of the county. More than half of the deposits are in Cameron banks showing this city as by far the financial center of the county, reflecting not only an exceptional management of the institutions here but the general good condition of business and a thrifty population.

While conditions are abnormal and credits are necessarily restricted there has been no business failures in Milam county as have been reported in other sections of the state. A greater testimony to the financial condition of the county could not be had than what is shown by the bank deposits.

DRUGS FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 35 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

Dodson's Liver Tonic Killing Calomel Sale

Don't sicken or salivate yourself or paralyze your sensitive liver by taking calomel which is quicksilver. Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tonic" under an ironclad, money-back guarantee that it regulates the liver, stomach and bowels better than calomel without making you sick—15 million bottles sold.

TONIC

Dr. J. C. Dodson's Tonic restores vitality and energy by Purifying and Strengthening the Blood. When you feel its invigorating effect, see how it brightens color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Dr. J. C. Dodson's Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took . . . medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

TAKE

CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

GOLDBRICKERS ARE RAPPED BY CLUB IN STRONG RESOLUTION

WOULD STOP PREY OF STOCK SELLERS ON PUBLIC—PASS MALARIA CONTROL TO CITY

Gold brickers will find hard sledding in Cameron in the future.

The Cameron Commercial Club by resolution adopted at the meeting Friday night sets a barrier against swindlers and fake stock salesmen by first declaring its position with respect to promotion enterprises. The resolution tells the public that "before subscribing to any enterprise offered, no matter how enticingly presented, the citizens first ask for and demand a written recommendation from the club."

The resolution adopted was offered by Frank S. Lesovsky. The resolution calls upon the commercial bodies of the county to take similar action so that responsible control may be had over all matters dealing with the promotion of new enterprises as a means, not of keeping down development, but to protect the public from investments that are worthless.

The city of Cameron will be asked to levy a tax sufficient to carry on the malaria control work. This was decided by the club and a committee was appointed to confer with the city council. It will require some \$2500 to do the work this year and it is thought impractical to take a public subscription for the amount.

Following are the minutes as submitted by Secretary W. B. Skelton:

Roll call showed the following present:

Officers: Robt. McLane, President, W. W. Chambers, Vice President, L. T. Lewis, Treasurer, W. B. Skelton, Secretary.

Directors: J. T. Parma, J. W. Coleman, C. R. Phillips, Giles L. Avriett, J. D. Dobbins, H. M. Hefley, Jno. E. Mangum, J. B. White, C. W. Lawrence, F. S. Lesovsky, W. G. Gillis, T. N. Herring.

Committee Chairman: R. H. McIntosh, Geo. T. Graves, J. R. Hays, T. N. Herring, T. S. Henderson, W. M. Cobb, Jeff T. Kemp.

Minutes of previous meeting were read and upon motion adopted.

The Secretary reported the receipt from the Research Department of the Texas Chamber of Commerce of a 15 page survey report on Cotton Mills in Texas.

R. H. McIntosh, Chairman of the Civic Improvement Committee, read a letter from Mr. C. S. Peyton of Cleburne, regarding the progress of street surfacing in that city. Mr. McIntosh reported taking the matter up with City Secretary-Treasurer R. D.

Brown who stated that the city's finances could not stand the strain of this work at present, however brief mention was made of J. C. Joseph's plan of issuing warrants to cover expenses to street surfacing.

Judge W. G. Gillis reported workmen busy in every direction repairing bad places in the county roads resulting from damage by recent heavy rains.

F. S. Lesovsky, Chairman of Committee No. 1 to raise the money for the Yoe Memorial Fund reported the work continuing but not complete.

C. W. Lawrence, Chairman of the Insurance Key Rate Committee, reported matters pending which he hoped would further reduce the city's key rate.

F. S. Lesovsky, Chairman of the Committee appointed to confer with the Liberty Cotton Mill men, reported at a meeting of this committee with only one committeeman absent it was unanimously decided best not to entertain any proposition from the Liberty Mills due to the fact that representatives of the latter showed no disposition to get down on a real business basis and that the trust plan was not satisfactory. He also suggested that the Secretary get in touch with leading mill centers with a view of advertising a prospective mill.

T. S. Henderson, Jr., submitted letters from J. B. Bagley of the Textile Engineering Department of A. & M. College and from S. J. Files of the Itasca Cotton Mfg. Co., which were read by the Secretary. Mr. Bagley offered to come over and discuss the Cotton Mill project and Mr. Files gave some valuable information regarding the Textile Industry as it is today. Upon motion from W. W. Chambers it was unanimously decided to invite Mr. Bagley to come over and address the Club at the next Membership Meeting, Friday night, May 27th.

The matter of investigating proposed enterprises and warning the public regarding worthless investments was discussed by nearly every one present. In this connection F. S. Lesovsky offered the following resolution and report:

Resolved by the Cameron Commercial Club, Friday Night, May 13th, That the Cameron Commercial Club is an organization for the promotion and protection of all legitimate and lawful enterprises in Cameron and Milam county.

That in view of the past experiences of many of our citizens who have been led to invest in enterprises that proved to be worthless or failures, the Cameron Commercial Club stands ready at all times to assist in passing on enterprises offered to our citizens and to investigate and upon proper finding, recommend any commercial undertaking offered to the citizens of Cameron and Milam County. This service to be without charge and the best in our ability to give.

This Club feels that the Rockdale, Thorndale, Burlington, Buckholts, Gause, Milano and any other commer-

cial organization of the county, has the same interest and will gladly offer a similar service.

Therefore, we recommend, that before subscribing to any enterprise offered, no matter how enticingly presented, the citizens first ask for and demand a written recommendation from this club or some other interested organization of the county, endorsing the project being offered. In this way we know many thousands of dollars can be saved."

The Cameron Commercial Club was moved to adopt above resolution, because in the past, most of the selling propositions offered to our people have made wild statements and representations and as each and every investor cannot make a close personal investigation of the proposition, this Club will have a Special Committee of experienced business men to look into the matter and if they are convinced that the proposition has merit, will recommend it, otherwise no recommendation will be given. Of course the Club or its Special Committee will make some mistakes, but surely this will be a much safer method than the present free for all, get-what-you-can method.

So let us all demand from the next promoters, that they first present their proposition to the proper commercial organization of the section of the county interested, and get a recommendation duly signed, before we go further in the matter; if the proposition is a good or wise one, the commercial organization will so state, if it is not, they will merely give no recommendation.

Upon motion from J. W. Coleman duly seconded the above resolution was adopted and together with the report was ordered published in all the county papers.

J. B. White called attention to the fact that Clarence Ousley would speak in Cameron on Saturday, May 21st, on the Co-Operative Marketing plan of the Farm Bureau and suggested co-operation on the part of the Club. Upon motion from W. G. Gillis the matter was referred to the Agricultural Committee. Mr. Ousley's knowledge of farming and co-operative marketing was praised in short talks by Messrs. Henderson, Gillis and Hefley, who stated that the business men should take more interest in the Farm Bureau movement. Upon motion from W. W. Chambers 3000 circulars were ordered printed and distributed to advertise this speaking. R. H. McIntosh moved that the circulars be run in each local paper as a display ad.

W. G. Gillis suggested that the Club show some form of appreciation of the honors conferred upon the city by the Cameron Concert Band and the Racing Team of the Fire Department in the winning of State prizes by both these organizations.

U. S. Hearrell introduced Mr. Leonard, an engineer of the U. S. Health Service, co-operating with the State Board of Health in mosquito eradica-

tion, who briefly outlined the organization's proposed work in Cameron. Upon motion from John E. Mangum, a committee was appointed to confer with the City Council regarding the advisability of carrying out this work. The following committee was appointed by the President: F. S. Lesovsky, Chairman, R. H. McIntosh, T. S. Henderson.

Upon motion from W. G. Gillis the matter of entertaining and best way of showing appreciation of the honors recently won by the band and the fire boys was referred to the Membership and Entertainment Committee.

MILANO NEWS By Chas. Howes.

May 16.—Dr. Liddell has returned from the Sanitarium at Waco. We have two doctors in Milano now, both good ones and nobody sick.

Dr. Hensley of Georgetown preached at the Methodist church Sunday night.

Rev. Ray also preached at the Summit School House in the afternoon.

Rev. Ibarra, Baptist Mexican missionary for Brazos and Robinson counties preached at the Santa Fe mine one afternoon last week.

The Cemetery Association have fallen on the plan of giving working at the cemetery to the young people in the day followed by a party and refreshments at the Woodman Hall at night and they seem to get very good results.

The Hanover boys defeated the Milano Baseball club here Sunday afternoon, the 15th.

Ford
THE UNIVERSAL CAR

The Ford SEDAN

The Ford Sedan quite naturally is in larger demand every year, and now with the pre-war prices, without any sacrifice of the high quality of materials, and excellent reliability of workmanship, comfort and conveniences, the Sedan is the car of cars, and while a luxury in itself, at the same time is a necessity, costing less than the ordinary touring car (except the Ford) its value cannot be equalled.

Any of us will be pleased to take your order for the Ford Sedan, assuring you of as prompt delivery as possible, and the further guarantee of comfort and economy through the efficient after-service which is always at your command. We are all equipped with the latest up-to-date machinery; with skilled Ford mechanics; and with the genuine Ford-made parts, so that we can keep your car as good as gold, so far as service is concerned, every hour in the year.

We solicit your orders. If you are going to have a closed car this fall we believe the Ford Sedan is your best investment. Won't you call in and talk it over, or let us give you a demonstration?

Carey's Blue Ribbon Quality Paint

None Better--Few as Good

If you are contemplating painting your home, don't delay it too long. Remember that the wood in your home is subject to greater wear and decay if you neglect to cover it with paint. It is much cheaper to save the surface, protect your woodwork and lengthen the life of your home.

When you are planning to paint, the next thing is to select a paint that will stand the wear and the elements. The labor will not cost any more for a high grade paint than for a cheap grade, so why not use the best. We claim you will find this in

Carey's Blue Ribbon Quality Paints

We know that the quality is there, and that you can depend on it in every way. Let us give you an estimate of your requirements.

PRISCILLA CLUB

Mrs. J. D. Martin was pleasant hostess to the Priscilla Club and a few other friends last Thursday afternoon.

The reception suite was gorgeous in various cut flowers.

One room in dark purple sweetpeas and larkspur, another in golden nasturtiums, white sweetpeas and magnolias, another in red sweetpeas, scarlet sage and roses.

After short business session in which roll was called, minutes were read, needle work of various kinds was displayed.

Mr. Martin's mother of Kentucky is a guest in the home and her unique applique spreads were displayed and very much admired.

Little John Martin was by his mother's side and assisted her in a gentlemanly way.

At the close of the evening Mrs. Martin, assisted by her mother, Mesdames J. M. Ralston and T. N. Her-ring, served a delicious combination salad and ice course consisting of chicken salad in baked ramkins, pear salad, cheese molds capped with nuts, olives and pineapple sherbet.

Those indebted to Mrs. Martin for a pleasant afternoon other than club members were: Mesdames Tom Henderson, Sr. and Jr., Wm. Henderson, Jeff Kemp, W. A. Gillon, J. M. Ralston, Paul Medsker, Lloyd Mitchell, Walter and George Thomas.

FORTY-TWO PARTY

Mrs. Giles Avriett's home looked like a sweetpea garden last Friday afternoon when she was hostess to about thirty-five ladies.

She welcomed her guests dressed in a dainty orchard of sweet pea colors.

Baskets and vases of sweetpeas adorned the house everywhere.

Eight tables were arranged with beautiful hand painted sweetpea tally pads, the artistic work of Mrs. Fritz Fahrendorf. Score cards were also sweetpea design.

Eight very spirited games were played, in which Mrs. H. F. Smith, Jr. and Miss Minnie Wolf won seven and had to cut. Miss Minnie Wolf was the lucky one and received a beautiful reed fan painted in sweetpeas and tied with the same colors.

Large May baskets made of straw hats and lined in fluted tissue paper of all colors and filled with sweetpeas were placed on the tables as table favors.

In the cut these fell to Mesdames W. O. Triggs, Buck Lewis, Ed Tucker, Tom Henderson, Jr., John Watson and Misses Aetna Smith, Winnie Henderson and Rose Rischer.

Assisted by her sisters, Misses Jeff Lewis and Myrtle Avriett, Mrs. Avriett served a most delicious combination salad and ice course which carried out perfectly the color scheme; tomato aspic, potato ice, individual white cake with sweetpea decorations on top.

On leaving the guests all complimented Mrs. Avriett upon the great success of her party.

SEWING PARTY

Friday afternoon Mrs. J. D. Martin was again hostess to about twenty-five more friends in honor of her mother, Mrs. Martin of Kentucky.

The home was decorated as it was the day previous and Master John assisted her to receive the guests and present them to her mother.

A sewing contest was one diversion and was cleverly done by Mrs. A. E. Sharpe. Conversation, exchange of ideas on needle craft and sewing whiled the hours all too rapidly.

At the close, assisted by Mrs. John Denson, Mrs. Martin served a delicious combination salad and ice course, consisting of chicken salad in ramkins, pear salad, cheese carrots, olives, wafer sandwiches and sherbet.

MISS WILLIAMS ENTERTAINS CLASS

Miss Amelia Williams, who is supervisor of the Sophomore Class, complimented them with a glorious picnic in Batte's pasture Friday afternoon.

Trucks and cars and the class met at the Yoe High School and were carried out at four o'clock.

Games, kodaking and other stunts employed their time until luncheon time.

And oh, such a surprise spread Miss Williams had in store for them.

Salads, dressed eggs, ham sandwiches, pickles, olives, all sorts of fruit, all kinds of cake and ice cream.

It was a fine success and the class was very profuse in their thanks to

Miss Williams for her charming hospitality.

METHODIST AUXILIARY

About twenty ladies gathered at the home of Mrs. C. D. Lay for a study from their Missionary Voice.

Roll call was answered by Scripture verses in Penitance.

Mrs. W. O. Triggs led the lesson ably assisted by Mesdames Roy Griffith, A. E. Sharpe, L. F. Key, D. H. Slaughter and Howard aBskin.

PRESBYTERIAN AUXILIARY

About fifteen ladies met at the church. It was foreign Missionary Day and the subject was Japan.

Mrs. Frank Desovsky was leader, Mrs. Mary Henderson led the Devotional.

After reading a paper on Japanese Religion by Mrs. Lesovsky the rest of afternoon was taken up hearing a report by Mrs. Graham Gillis who attended as delegate.

CHARLEY McGEHEE ENTERTAINS

Another joyous class party was given by Charlie McGehee, a member of the Class of 1921, on last Thursday night.

On their arrival quite a lot of excitement was displayed over the arrival of their class rings.

When this subsided a slip of paper was given each with a name of a person of prominence on it, and for them to guess the persons impersonated.

Christine Wallace guessed the most and was given an all day sucker. The surnames of the guests were illustrated by pictures hung on the wall and they were required to guess who they were. Agnes Henderson was winner and received a sucker.

Forty-two and Pitt were the games indulged in.

The decorations were sweetpeas in pink and green, the class colors. Delicious pink and green brick cream and cake was served.

TEACHERS' PICNIC

The young men of Cameron complimented all the Cameron teachers with a delightful picnic last Thursday night.

The young men furnished the supper, and what had to be cooked out there they did it themselves. They went out to Batte's Park.

Tables were arranged and a most delicious supper served.

There were two big boiled hams steak, eggs, potato chips, potato salad, light bread, pickles, olives, Karo pies, cake, lemonade and coffee.

After supper a big camp fire was built and they all circled around it and sang and told ghost stories until about ten-thirty when they returned to the fair city of Cameron.

The young people were chaperoned by Dr. and Mrs. Tom Denson, Mr. and Mrs. Beckerman and Mrs. W. O. Triggs.

SENIOR DAY

Last Friday was Senior Day and they were given a holiday.

This was spent most delightfully on a picnic on Randall Lake Farm.

Miss Tennie Mae Bass, their supervisor, chaperoned them and helped them to enjoy themselves.

Boating, fishing, games and story telling was the diversion of the day and a most delicious picnic dinner.

The class of 1921 will long remember this graduation season for they have been given so many delightful picnics and parties.

MISS FRANCES HEFLEY HONORED

Mr. and Mrs. Henry Hefley complimented their cousin, Miss Frances Hefley, at this, her graduation season, with a beautiful class party last Friday night.

The home was beautifully decorated in all kinds and colors of beautiful cut flowers.

There were forty-eight in the class and almost every one was present. Tables were arranged and the first amusement was Forty-two.

Later a flower contest was held and Miss Joe Smith was the happy winner and received a beautiful gift box of fine stationery.

When the young people were invited into the dining room they found it decorated in the class colors, pink and green streamers from the chandelier to the corners of the table.

The centerpiece was a reflector on which was placed a large class cake, iced white with 1921 in pink numbers on top and around the cake icing in pink and green to represent French knots and cross-stitch. This was the

culinary art of Mrs. W. A. Gillon.

Around the base of the cake was a wreath of pink sweetpeas.

In the cut Miss Maurine Messimer got the ring signifying the first bride of the class, Miss Joe Smith the dime for wealth and Miss Agnes Henderson the bachelor girl button.

The ring was a beautiful gold one with a place for a signet or class date.

Those assisting Mrs. Hefley were Miss Tennie Mae Bass, supervisor of the class, Mrs. Dan Tyson, Misses Pauline Green, Maurine Clinton and Sallie Coleman.

Delicious pink brick ice cream, green iced cakes, and pink and green mints were served.

Plate favors were old fashioned sweet girl graduates.

Mr. and Mrs. Hefley's sweet hospitality will long be remembered by this class.

YOE MEMORIAL

Last Thursday afternoon the teachers, the graduating class and many others from both the schools marched down to the cemetery laden with beautiful flowers to honor the late Mr. Charlie Yoe, whose birthday it was, for the wonderful gift to Cameron and all her posterity.

It was a sweet memory and loving service and most gladly rendered by all who participated.

ANNOUNCEMENT PARTY

Misses Jewel Joslin and Susanna Jackson gave an announcement party announcing the approaching marriage of Mr. C. W. Read and Miss Clara Curtis, of Brenham, to be held on the 14th of June.

The party was given at the home of Miss Joslin and a reception suite was beautifully decorated in sweetpeas.

As each guest entered they were given a slip of paper on which was written their own name and were requested to write an acrostic advising the bride how to manage her husband.

After these were read and laughed over they were placed in a beautiful hand painted booklet done in peach blossoms by Miss Mollie Moore and presented to the bride for future reference.

The "town crier" in the personage of little Miss Margaret Key entered with her bugle and passed the sealed scrolls which read:

"Know ye all thereas, William of the house of Read and Clar, daughter of Alfred, of the house of Curtis, having reached years of discretion and understanding seek admission in the state of matrimony.

"I, Daniel Cupid, governor of said State, hereby proclaim them candidates for such admission on June 14th, 1921, written under my hand and seal on this 14th day of May, 1921.

"Signed,

"Daniel Cupid."

These scrolls were tied with pink ribbon and sealed with gold hearts.

Four tables were arranged and words given each with which to compose and sing "Cupid's Serenade."

These songs were supposed to be "prescription" for the groom for how to manage the bride.

These were placed in a like booklet to that of the bride's to be presented to the groom.

Pink and white mints were on these tables to be eaten while writing these difficult prescriptions.

At this point the "Town Crier" entered again and presented a beautiful cut glass bowl to the bride—a gift of the hostesses.

Miss Frances Hefley was sent out to deliver the announcement scrolls to all friends who were not present at the party.

Two delicious courses were served consisting of chicken salad, tomatoes, heart-shaped sandwiches, olives, ice tea, and pink brick cream and individual white cakes with pink letters R and C on top.

Plate favors were corsage bouquets of sweetpeas.

Those present other than the two hostesses and honoree were: Mesdames C. N. Green, W. O. Triggs, Roy Jeter, Jim Baskin, Ira Key L. H. Kidd, Misses Mary Lake, Winnie and Ruth Henderson, Olive McGehee, Roberta Pace, Motie Cass.

MISS AGNES HENDERSON ENTERTAINS

Miss Agnes Henderson of the graduating Class of 1921 entertained the entire class with a lawn party last Saturday night.

The boys were requested to wear overalls and the girls aprons.

All sorts of out door sports were enjoyed until a shower drove them in, but nothing daunted, the fun continued and they had a football game with a blown egg-shell This was done around a table and the shell was blown—all hands off.

Next came a peanut relay race. Delicious punch, sandwiches and all kinds of candy was served throughout the evening.

This delightful class party will long

be remembered with great pleasure.

FORTY-TWO PARTY

Mesdames Wm. R. Rogers and Charlie McDermott were hostesses at a forty-two party at the home of Mrs. Rogers on Tuesday afternoon.

It was a porch party and the decorations were nasturtiums in great profusion.

Eight tables were arranged and the score cards were picture baskets of flowers.

At the close of a number of interesting games Mrs. Wm. Cobb was proclaimed winner and was given a candy jar of candy, while Mrs. George Thomas won low and was given an all day sucker.

Assisted by their sisters, Mrs. Giles Avriett, Mrs. W. O. Triggs and Miss Myrtle Avriett, a delicious combination salad and ice course was served consisting of chicken salad, apricot salad, sandwiches, olives and apricot ice.

BAPTIST AUXILIARY

Circle No. 1 met with Mrs. M. G. Cox with Mrs. J. W. Coleman as leader. An interesting lesson on Missions with prayer as the theme was conducted.

There were five members present one visitor.

Circle No. 2 met with Mrs. R. P. Collins, with Mrs. Collins as leader.

Missions was the study for the afternoon and eight were present.

Circle No. 3 met with Mrs. Harvey Dobbins with Mrs. Shepherd as leader, conducting the lesson on Missions. Five were present.

Circle No. 4 met with Mrs. Culpeper

per with Mrs. Paddick and led the lesson from the Royal Service. Five were present.

SEVENTH GRADE PLAYS

On Tuesday night the old school building was crowded to overflowing to witness the two splendid and well executed plays.

Section one played Hiawatha, by Longfellow and was under the leadership of Misses Lucille Dickard and Estelle Coleman.

The stage represented a forest, and had a wigwam and a tripod with a pot hanging under it.

This was the home of Hiawatha and his grandmother, Nokomis. At the wedding feast of Hiawatha and Luughing Water the Dance of the Braves was given with Taupakrewis the great dancer and Chiabas the great singer. Also Jageo the great story teller.

With the same setting Section No. 2 under the leadership of Misses Olive McGehee and Lucille Dickard presented "The Grasshopper Cantata."

The evening's performances did much credit to both teachers and pupils.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E. W. GROVE'S signature on box. 30c.

GEN. LEONARD WOOD MAKES APPEAL FOR NEAR EAST RELIEF

Says Two and a Half Million
Starving Armenians Need
Help at Once.

Ft. Sheridan, Ill.—Major General Leonard Wood, commanding the Sixth Corps Area, has issued a Lenten sacrifice appeal for funds to save the Armenians from annihilation by starvation and disease. "I feel that however many and however worthy the other appeals which are being made to the great heart of America these days may be," he says, "this cry from the little children cannot remain unanswered."

The Near East Relief, 1 Madison avenue, New York City, which has been charged by Congress with the American relief work in the whole Near East, has formed a special "Lenten Sacrifice Appeal Committee," of which Major General Wood is chairman, Charles V. Vickery secretary and Cleveland H. Dodge treasurer, to put before the American people the desperate need of the Christian populations of the Near East, who have suf-

fered and are still suffering the horrors of war.

Among the prominent members of General Wood's Committee are Secretary of the Treasury Andrew W. Mellon, Mrs. Corinne Roosevelt Robinson, sister of the late President Roosevelt; ex-President W. H. Taft, Mary Garden, President John Grier Hibben of Princeton University, Bishop-Elect William T. Manning of New York, Dr. Henry van Dyke, David Belasco, Samuel Gompers, Frank A. Munsey, Mrs. Carrie Chapman Catt, Mrs. Henry Morgenthau, John G. Milburn of the American Bar Association, Miss Elizabeth Marbury and Mrs. Medill McCormick of Chicago.

General Wood's Appeal

As Chairman of a Special Committee of representative men and women of the country, charged with placing before the American people the desperate need of two and a half million Armenians, the remnant of the oldest Christian nation, whose sufferings through sixteen centuries seem to have brought them no nearer peace, liberty or security, I beg your personal co-operation and influence to forward an appeal for a Lenten Sacrifice Offering to enable the Near East Relief to go on with its work of mercy.

Over one hundred thousand little children who have been kept alive by American generosity for the past three years are absolutely dependent upon the support which America gives them through the Near East Relief.

I feel that however many and however worthy the other appeals which are being made to the great heart of America these days may be, this cry from the little children of the land where Christ gave his life for mankind cannot remain unanswered.

Will you help to save this martyred people?

Leonard Wood

PRESIDENT ENDORSES THE NEAR EAST RELIEF APPEAL

Washington.—President Harding has given his hearty endorsement to the appeal being made by Maj. Gen. Leonard Wood on behalf of the Near East Relief, 1 Madison Avenue, New York City, for a nation-wide Lenten Sacrifice Offering to save the starving Christians of the Near East.

The President's letter reads: "There ought to be no cessation or relaxation of our sympathetic American efforts to be of service to these stricken people. One can well believe that they will not survive if we withdraw the relief which has heretofore been so generous from the private American purse. It has seemed to me that all we have done has borne dividends tenfold in the consciousness that we have done an humane thing for a people well deserving our generous sympathy."

"I wish you the very greatest success in furthering the great relief movement to which you are now giving your attention."

NEAT SLIP-ON SWEATER

Interest still centers on sweaters and sweater coats—for everybody wears them. These garments of wool or silk are closely or loosely knitted—according to the degree of warmth required of them. Tie-on and slip-on models that set snugly to the figure rival the smart loose-hanging sweater-coats and everything appears to be provided with a knitted girdle or sash. The pretty model pictured reveals the trend toward neat effects.

GEORGETTE REMAINS

Designers have been generous in the variety of beautiful blouses with which they welcome summer. Many of them are made of georgette in two colors like the lovely model shown above. Nothing equals georgette for daintiness and it remains an unrivaled favorite whose cause is furthered by this new arrival. Imagine it in navy blue with neck, sleeves and peplum bordered with tangerine. Needlework marks the borders in squares and a little embroidery finds a place on them. The girdle is of blue ribbon.

If you want True Music you must choose The NEW EDISON "The Phonograph with a Soul"

CONSIDER your object in buying a phonograph. It is to bring true music to your home—the living performances of great singers and instrumentalists, of great bands and orchestras.

Over five thousand times, before more than five million people, the New Edison has stood side by side with the living artist in a direct comparison test, and no one has been able to distinguish between the living performance and the RE-CREATED performance.

The New Edison is the only phonograph or talking machine that sustains this test. It is the only phonograph that has actually proved beyond question that it gives you true music.

Yoe-Hi News

[By LEE R. TAG]

WHO'S WHO IN YOE-HI

Louise Denson

Miss Louise Denson is a senior girl that Yoe-Hi may well be proud of. She is a Senior that is held in high esteem by the school. She has been elected to be the Sporting Editor for the girls in this year's annual and the school feels that the book will be a success in that department. She is also a fine officer in the Girls' Club. She is the chairman of the social committee and holds the office to her credit.

Chapel exercises were not held last Tuesday morning but they will be held Thursday morning at the same hour and it is believed that the Seniors will have charge of the program and it is also assured that it will be of unusual quality because it will be the last to be held this year.

Last Wednesday the Seniors went from the school never to return to it again for purpose of studying. Many pupils wished that they were Seniors because they could get their holidays and get out a few days earlier. They will devote most of their time to the practice of their grand masterpieces to be presented to the public in the near future in the form of a play. Much progress has been noticed and it is hoped by all members of the troupe that it will be a great success. It is under the direction of Miss Bass, the English Instructor in Yoe-Hi and it is due her that she is the one that will make the play a success because of her untiring efforts. It is assured that the public will thoroughly enjoy itself when this play is presented to them.

SCHOOL DECORATES MR. YOE'S GRAVE

Last Thursday afternoon the school turned out en masse to decorate the grave of Mr. C. H. Yoe, the man that made it possible that the city of Cameron should have the best High School in the State. All pupils from the grades were present.

First the assembly sang "America" and then the members of the Senior Class took flowers to the grave and placed them on it. This is a very fitting thing for the students to do because it shows that they have not forgotten the generosity of this great benefactor. This was followed by an address from T. S. Henderson and then the exercises were closed with a

prayer by Rev. MacFadyen. School was adjourned the rest of the day.

VOICE AND PIANO RECITAL

BOLL WEEVIL FILM AT WONDERLAND

SAP RAILROAD ARRANGES UNIQUE FARMERS EDUCATIONAL PROGRAM

By special arrangement with the United States Department of Agriculture the San Antonio and Aransas Pass Railroad through the local agent Smith will show at the Wonderland Theater in Cameron a two-reel film entitled "Good-bye Boll Weevil." The film will be shown here Tuesday afternoon, May 24. Theater privileges have been given by Sam Hefey, owner of the theater.

Commenting on the picture H. M. Madison, general agent of the road has this to say:

"We have just received from the U. S. Department of Agriculture a two reel film, entitled, "Good-bye Boll Weevil." This film shows how boll weevils can be controlled during the crop season, and of course it is to our interest as well as that of merchants and farmers to have boll weevils controlled, even though the crop acreage is smaller.

"We have arranged with the Delco Light people to take their auto and picture machine and screen and show this film at various points along our lines. It will require about four or five weeks to do this, and a schedule will be made out in a few days showing the time the film will be shown in each place along our line.

"We are handing you some copies of this circular and asking you to place them in the hands of your newspapers, bankers and we are asking you and the people to whom you hand the circular to tell farmers and all others interested, and let the news spread generally.

"There may be some feature of in-

terest which will be added to the above program, and if so we will advise you about them."

FACTS

The brain is the central operator which controls the function and maintains the health of every organ in the body. Do you realize that the lungs could not function one minute if it were not for the brain activity? Do you know that if this operator in the brain should rest for five minutes, yaud life would end?

All over the body are nerves which extend from the brain to the tissue cells. There is no part of the body that is not supplied. These small nerves are the wires which carry the messages controlling function. The heart beats, the stomach digests, the glands secrete, and muscles produce motion, because of the messages sent out from the brain, over these nerves.

If the nerves are out, the tissues which they supply can no longer function. However, it is also possible for them to be pressed upon, and if this happens, their ability to carry their messages from the brain is impaired.

This is exactly what happens in all cases of sickness. The nerves are pressed upon where they emerge from the spine, due to an abnormal position of the vertebrae between which they emerge. Thus the organ supplied is effected so it cannot properly function. If it is the nerve supplying the stomach, indigestion, or some other form of abnormality exists. If the nerve supplies the heart, heart trouble occurs, etc.

The chiropractor merely restores the vertebrae to its normal position, and when this is done and the pressure removed from the nerves, health exists.

Whatever your sickness, let the chiropractor examine your spine. You may not realize that this is the real cause of your trouble, but to regain your health is to be convinced.

Millinery Prices Have Been Reduced For May Selling

Space forbids making a price list. Come to this store and you will be satisfied both in quality and price. Our Mrs. Mattie Leazar will assist you, banishing your Summer Hat troubles.

Come to this Store this month and you will be surprised at the Big Values at such Small Prices. We have never tried to force increased profits at the expense of the public. We have never attempted to shift the burden of added wages to the consuming public in the way of added prices. This accounts for our ever increasing business and steady growth. For 22 years we have strictly adhered to one policy—Honest Values at the lowest possible cost with Guaranteed Satisfaction Topping Every Sale.
